

## COMPANY PROFILE

Rev. 00 (January 2023)

*Bridging Customers to their Needs.*

**Tsukiden** \_\_\_\_\_

Your Electronic Manufacturing Service Provider  
(EMS)

*“Bridging Customer to their Needs”*

### **Mission**

To be the preferred company providing  
high value added  
Electronic Manufacturing Services  
to our Customers.

© 2023 Tsukiden Electronics Philippines, Inc.

### Our Key Strength

- Using Up to date SMT Technology
- Highly Flexible and Motivated Employees
- Customer focused production set-up
- Can do both “ *high mix low volume and low mix high volume production*”.
- Can serve short lead-time product requirement.

### Capabilities

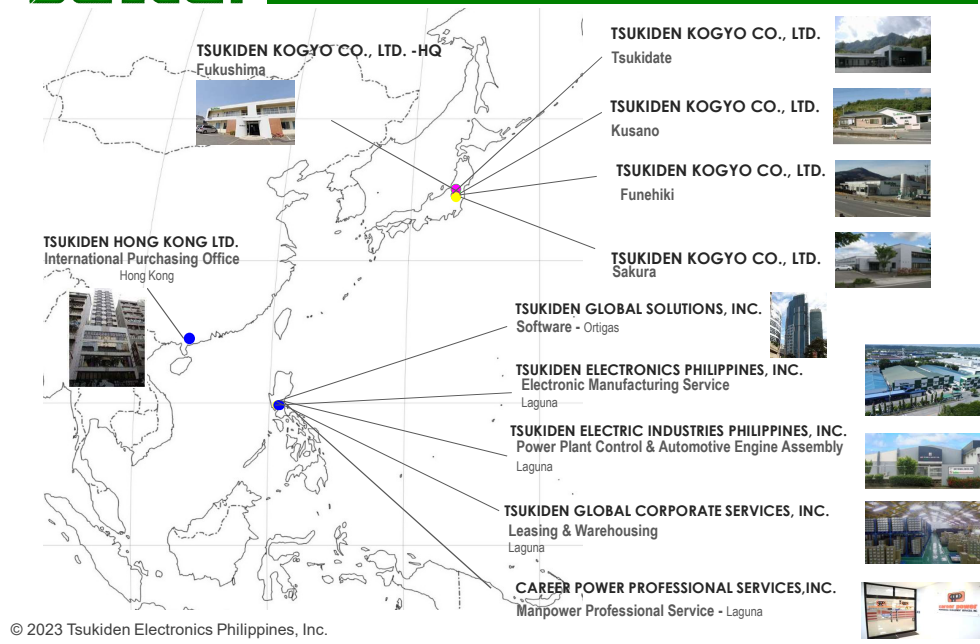

- |                                 |                                      |
|---------------------------------|--------------------------------------|
| • PCBA Assembly                 | • Automated Optical Inspection (AOI) |
| - SMT & Through Hole            | • X-ray Inspection                   |
| • Chips on Flex Assembly        | • Baking                             |
| • Sub Assembly & Complete       | • BGA Rework                         |
| Box Build Assembly              | • Conformal Coating/Potting          |
| • Prototype Assembly            | • Incoming Inspection                |
| • In-circuit/Functional Testing | • Consignment & Turnkey              |
| • Burn-in Testing               |                                      |

## Services

- Rework and Warranty Repair
- Design of PCB's for manufacturability
- Design for Testability
- Reliability test support
- Parts material storage and control

## *Tsukiden Group of Companies*

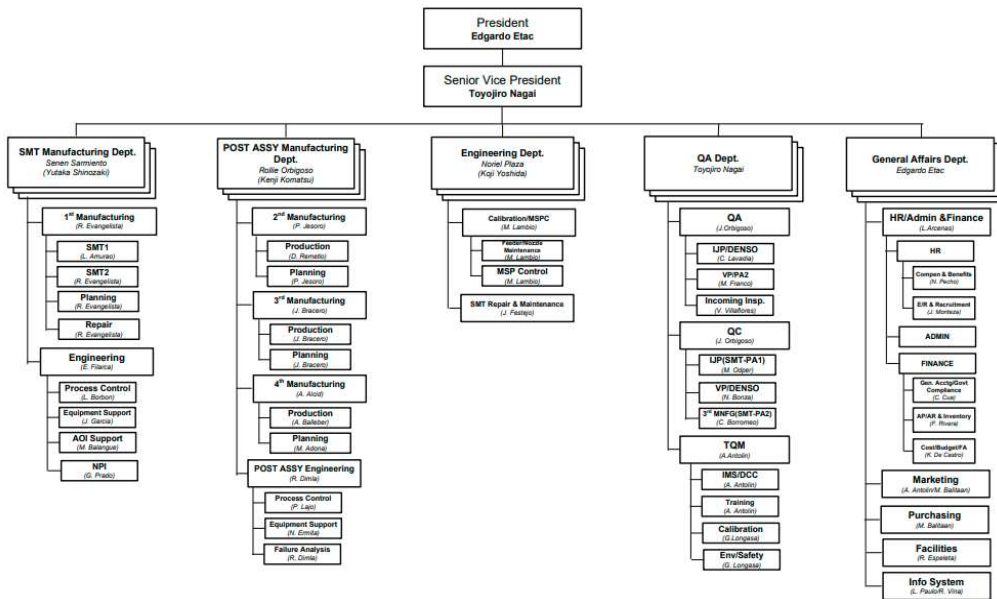

1987	JUN	Tsukiden Kogyo Philippines, Inc. start its operation in the Philippines Main activity is HDD/FDD PCB/FPC assembly sub-contracting
1988	JUL	Tsukiden Electronics Industries, Inc. (TEII) was established in Quezon City, Phils. Main business activity is assembly of computer peripherals particularly FDD
1989	NOV	TEII started production of 3.5 Hard Disk Drive (HDD)
1993	AUG	Laguna Electronics, Inc. (LEI) was established in Laguna Technopark, Biñan, Laguna
1994	MAY	LEI started production of Analog Mobile Phone
1995	SEP	LEI constructed Plant 2 for the assembly of 3.5 Hard Disk Drive (HDD)
1996	NOV	LEI started its own SMT Assembly Line and started producing FDD-PCBA
1997	JUL	ISO 9002 Certification for the Plant 2 by SGS Yarsley Int'l. Certification Services Ltd.
1997	SEP	ISO 9002 Certification for the Plant 1 by TUV Product Service
1997	SEP	LEI-Plant 2 was renovated to assemble high capacity of IBM-NEC 3.5 Hard Disk Drive
1997	DEC	LEI-Plant 2 started production of IBM-NEC 3.5 Hard Disk Drive
1998	MAR	ISO 14001 Certification by SGS Int'l Certification Services
1998	MAR	LEI-Plant 1 started production of Zip drive
2003	MAY	ISO 9001 : 2000 certification by AJA Registrars, Inc.
2003	DEC	OHSAS 18001 : 1999 Certification by AJA Registrars, Inc.
2004	OCT	ISO/TS 16949 : 2002 Certification by SGS Philippines
2006	APR	LEI started its operation of Chip-on-Flex (COF)
2010	SEP	Company Name change to Tsukiden Electronics Philippines, Inc.
2011	SEP	ISO 13485:2003 Certification by SGS Philippines
2014	MAR	Started operation for extension facility LTC-SEZ (Bldg. 1) for the Assy of Multi Media Projector
2017	OCT	IATF 16949 : 2016 Certification (First company in PH certified by SGS)
2021	APR	Change Corporate logo to harmonize with Tsukiden Group of Companies
